31. The statements contained in ¶¶ 20-30 were materially false and/or misleading because they misrepresented and failed to disclose the following adverse facts pertaining to the Company's business, operations and prospects, which were known to Defendants or recklessly disregarded by them. Specifically, Defendants made false and/or misleading statements and/or failed to disclose that: (1) ELMS's previously issued financial statements were false and unreliable; (2) ELMS's earlier reported financial statements would need restatement; (3) certain EMLS executives and/or directors purchased equity in the Company at substantial discounts to market value without obtaining an independent valuation; (4) on November 25, 2021 (Thanksgiving), the Company's Board formed an independent Special Committee to conduct an inquiry into certain sales of equity securities made by and to individuals associated with the Company; and (5) as a result, Defendants' statements about its business, operations, and prospects, were materially false and misleading and/or lacked a reasonable basis at all relevant times.

THE TRUTH EMERGES

32. On February 2, 2022, after trading hours, the Company issued a press release entitled "Electric Last Mile Solutions Announces Leadership Transition and Financial Update" which announced changes to its leadership and that certain of its financial statements needed restatement, stating the following, in relevant part:

*Transition Follows Resignation of CEO and President James Taylor
and Chairman Jason Luo*

Company Advises Non-Reliance on Financial Statements, Which Will be Restated

Electric Last Mile Solutions, Inc. (Nasdaq: ELMS; ELMSW) (“ELMS” or “the Company”), a pioneer of electric and intelligent mobility solutions for commercial vehicle customers, today announced that Shauna McIntyre, a member of the Company’s Board of Directors, has been appointed as Interim Chief Executive Officer and President, *succeeding James Taylor, who has resigned from his role as Chief Executive Officer and a member of the Board.* In addition, Brian Krzanich has been appointed Non-Executive Chairman of the Board, *replacing Jason Luo, who has also resigned from his position as Executive Chairman of the Board. The departures follow an investigation conducted by a Special Committee of the Board of Directors (the “Special Committee”).*

On November 25, 2021, the Company’s Board formed an independent Special Committee to conduct an inquiry into certain sales of equity securities made by and to individuals associated with the Company, the legal, disclosure and tax consequences of those transactions, and other issues that arose in connection those sales. Based on the Special Committee’s investigation, the Company has concluded that in November and December 2020, shortly before the Company’s December 10, 2020 announcement of a definitive agreement for a business combination with Forum Merger III Corporation, certain Electric Last Mile Inc. executives purchased equity in the Company at substantial discounts to market value without obtaining an independent valuation. Mr. Taylor purchased equity in these transactions. Mr. Luo participated in these and other transactions and directly or indirectly purchased and sold equity in such transactions.

In addition, on January 26, 2022, on the basis of the Special Committee investigation, the Board concluded that the Company’s previously issued consolidated financial statements should be restated and, therefore, should no longer be relied upon. The financial statements in question cover the period as of December 31, 2020, the period from August 20, 2020 (inception) through December 31, 2020, the six months ended June 30, and the nine months ended September 30, 2021. In connection with this conclusion, the Company, together

with its advisors, is evaluating the accounting and treatment of certain equity issuances to executive officers. Although the Company cannot, at this time, estimate when it will file its restated financial statements for such periods, it is diligently pursuing completion of the restatement, including with respect to an evaluation of the Company's financial statement reserves for tax payments and contingencies.

(Emphasis added.)

33. On this news, the Company's share price fell \$2.88 per share, or 51%, to close at \$2.71 per share on February 2, 2022, on unusually heavy trading volume, damaging investors.

34. As a result of Defendants' wrongful acts and omissions, and the precipitous decline in the market value of the Company's securities, Plaintiff and other Class members have suffered significant losses and damages.

PLAINTIFF'S CLASS ACTION ALLEGATIONS

35. Plaintiff brings this action as a class action pursuant to Federal Rule of Civil Procedure 23(a) and (b)(3) on behalf of a class consisting of all persons other than defendants who acquired ELMS securities publicly traded on NASDAQ during the Class Period, and who were damaged thereby (the "Class"). Excluded from the Class are Defendants, the officers and directors of the Company, members of the Individual Defendants' immediate families and their legal representatives, heirs, successors or assigns and any entity in which Defendants have or had a controlling interest.

36. The members of the Class are so numerous that joinder of all members is impracticable. Throughout the Class Period, ELMS securities were actively traded on NASDAQ. While the exact number of Class members is unknown to Plaintiff at this time and can be ascertained only through appropriate discovery, Plaintiff believes that there are hundreds, if not thousands of members in the proposed Class.

37. Plaintiff's claims are typical of the claims of the members of the Class as all members of the Class are similarly affected by Defendants' wrongful conduct in violation of federal law that is complained of herein.

38. Plaintiff will fairly and adequately protect the interests of the members of the Class and has retained counsel competent and experienced in class and securities litigation. Plaintiff has no interests antagonistic to or in conflict with those of the Class.

39. Common questions of law and fact exist as to all members of the Class and predominate over any questions solely affecting individual members of the Class. Among the questions of law and fact common to the Class are:

- whether the Exchange Act was violated by Defendants' acts as alleged herein;

- whether statements made by Defendants to the investing public during the Class Period misrepresented material facts about the business and financial condition of the Company;
- whether Defendants' public statements to the investing public during the Class Period omitted material facts necessary to make the statements made, in light of the circumstances under which they were made, not misleading;
- whether the Defendants caused the Company to issue false and misleading filings during the Class Period;
- whether Defendants acted knowingly or recklessly in issuing false filings;
- whether the prices of ELMS securities during the Class Period were artificially inflated because of the Defendants' conduct complained of herein; and
- whether the members of the Class have sustained damages and, if so, what is the proper measure of damages.

40. A class action is superior to all other available methods for the fair and efficient adjudication of this controversy since joinder of all members is impracticable. Furthermore, as the damages suffered by individual Class members may be relatively small, the expense and burden of individual litigation make it

impossible for members of the Class to individually redress the wrongs done to them. There will be no difficulty in the management of this action as a class action.

41. Plaintiff will rely, in part, upon the presumption of reliance established by the fraud-on-the-market doctrine in that:

- ELMS securities met the requirements for listing, and were listed and actively traded on NASDAQ, an efficient market;
- As a public issuer, the Company filed public reports;
- the Company communicated with public investors via established market communication mechanisms, including through the regular dissemination of press releases via major newswire services and through other wide-ranging public disclosures, such as communications with the financial press and other similar reporting services;
- the Company's securities were liquid and traded with moderate to heavy volume during the Class Period; and
- the Company was followed by a number of securities analysts employed by major brokerage firms who wrote reports that were widely distributed and publicly available.

42. Based on the foregoing, the market for the Company securities promptly digested current information regarding the Company from all publicly

available sources and reflected such information in the prices of the common units, and Plaintiff and the members of the Class are entitled to a presumption of reliance upon the integrity of the market.

43. Alternatively, Plaintiff and the members of the Class are entitled to the presumption of reliance established by the Supreme Court in *Affiliated Ute Citizens of the State of Utah v. United States*, 406 U.S. 128 (1972), as Defendants omitted material information in their Class Period statements in violation of a duty to disclose such information as detailed above.

COUNT I
For Violations of Section 10(b) And Rule 10b-5 Promulgated Thereunder
Against All Defendants

44. Plaintiff repeats and realleges each and every allegation contained above as if fully set forth herein.

45. This Count is asserted against Defendants is based upon Section 10(b) of the Exchange Act, 15 U.S.C. § 78j(b), and Rule 10b-5 promulgated thereunder by the SEC.

46. During the Class Period, Defendants, individually and in concert, directly or indirectly, disseminated or approved the false statements specified above, which they knew or deliberately disregarded were misleading in that they contained misrepresentations and failed to disclose material facts necessary in order

to make the statements made, in light of the circumstances under which they were made, not misleading.

47. Defendants violated §10(b) of the 1934 Act and Rule 10b-5 in that they:

- employed devices, schemes and artifices to defraud;
- made untrue statements of material facts or omitted to state material facts necessary in order to make the statements made, in light of the circumstances under which they were made, not misleading; or
- engaged in acts, practices and a course of business that operated as a fraud or deceit upon plaintiff and others similarly situated in connection with their purchases of the Company's securities during the Class Period.

48. Defendants acted with scienter in that they knew that the public documents and statements issued or disseminated in the name of the Company were materially false and misleading; knew that such statements or documents would be issued or disseminated to the investing public; and knowingly and substantially participated, or acquiesced in the issuance or dissemination of such statements or documents as primary violations of the securities laws. These defendants by virtue of their receipt of information reflecting the true facts of the Company, their control

over, and/or receipt and/or modification of the Company's allegedly materially misleading statements, and/or their associations with the Company which made them privy to confidential proprietary information concerning the Company, participated in the fraudulent scheme alleged herein.

49. Individual Defendants, who are or were senior executives and/or directors of the Company, had actual knowledge of the material omissions and/or the falsity of the material statements set forth above, and intended to deceive Plaintiff and the other members of the Class, or, in the alternative, acted with reckless disregard for the truth when they failed to ascertain and disclose the true facts in the statements made by them or other ELMS personnel to members of the investing public, including Plaintiff and the Class.

50. As a result of the foregoing, the market price of ELMS securities was artificially inflated during the Class Period. In ignorance of the falsity of Defendants' statements, Plaintiff and the other members of the Class relied on the statements described above and/or the integrity of the market price of ELMS securities during the Class Period in purchasing ELMS securities at prices that were artificially inflated as a result of Defendants' false and misleading statements.

51. Had Plaintiff and the other members of the Class been aware that the market price of ELMS securities had been artificially and falsely inflated by

Defendants' misleading statements and by the material adverse information which Defendants did not disclose, they would not have purchased Company securities at the artificially inflated prices that they did, or at all.

52. As a result of the wrongful conduct alleged herein, Plaintiff and other members of the Class have suffered damages in an amount to be established at trial.

53. By reason of the foregoing, Defendants have violated Section 10(b) of the 1934 Act and Rule 10b-5 promulgated thereunder and are liable to the plaintiff and the other members of the Class for substantial damages which they suffered in connection with their purchase of ELMS securities during the Class Period.

COUNT II
Violations of Section 20(a) of the Exchange Act
Against the Individual Defendants

54. Plaintiff repeats and realleges each and every allegation contained in the foregoing paragraphs as if fully set forth herein.

55. During the Class Period, the Individual Defendants participated in the operation and management of the Company, and conducted and participated, directly and indirectly, in the conduct of the Company's business affairs. Because of their senior positions, they knew the adverse non-public information about the Company's misstatement of revenue and profit and false financial statements.

56. As officers of a public business, the Individual Defendants had a duty to disseminate accurate and truthful information with respect to the Company's

financial condition and results of operations, and to correct promptly any public statements issued by the Company which had become materially false or misleading.

57. Because of their positions of control and authority as senior executives and/or directors, the Individual Defendants were able to, and did, control the contents of the various reports, press releases and public filings which the Company disseminated in the marketplace during the Class Period concerning the Company's results of operations. Throughout the Class Period, the Individual Defendants exercised their power and authority to cause the Company to engage in the wrongful acts complained of herein. The Individual Defendants therefore, were "controlling persons" of the Company within the meaning of Section 20(a) of the Exchange Act. In this capacity, they participated in the unlawful conduct alleged which artificially inflated the market price of Company securities.

58. By reason of the above conduct, the Individual Defendants are liable pursuant to Section 20(a) of the Exchange Act for the violations committed by the Company.

PRAYER FOR RELIEF

WHEREFORE, plaintiff, on behalf of himself and the Class, prays for judgment and relief as follows:

- (a) declaring this action to be a proper class action, designating plaintiff as Lead Plaintiff and certifying plaintiff as a class representative under Rule 23 of the Federal Rules of Civil Procedure and designating plaintiff's counsel as Lead Counsel;
- (b) awarding damages in favor of plaintiff and the other Class members against all defendants, jointly and severally, together with interest thereon;
- (c) awarding plaintiff and the Class reasonable costs and expenses incurred in this action, including counsel fees and expert fees; and
- (d) awarding plaintiff and other members of the Class such other and further relief as the Court may deem just and proper.
